

## Wave 1

Quality First Inclusive Teaching - this is everyone's responsibility as every teacher is a teacher of SEN.

(See Wave 1 provision document for details of what this includes.)

## Wave 2

These are short-term interventions. There is a shared responsibility for these. A qualified teacher directs appropriate provision with support from the Inclusion Manager.

( See wave 2 provision document for examples )

## Wave 3

This is long term continuing support. It is specific to individual children and usually part of a Statement of Special Educational Need.
