Five schools, one aim

June 2017 news

- We held our seventh board meeting on the 20th June. This is to report on progress to the parents in our schools.
- We were delighted to welcome the Head and a Governor from Claygate Primary School as the school now planned to become full members of our Trust.

Latest news

We held our first meeting of Trustee Governors (representing each school governing body) on the 14th June to develop a framework to utilise collaborative support within our stakeholders in all the schools. This will be reported back to each schools' governing body. We plan to share expertise within our governors across all schools and to utilise this to ensure that cooperative values are being applied consistently.

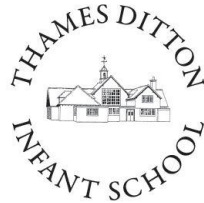

Latest news

- As our Trust is nearly one year old we had a report on progress in meeting the first year's action plan and an outline plan for next year.
- The detail will be available on each schools' link to The Trust. In summary excellent progress has been made which would not have been possible had not all five schools worked so closely together.
- We have had agreement from Kingston University that they will place students within our schools which will not only enhance their learning and appreciation of the role of a teacher but also should encourage those students to work within The Trust when they finish their University Education.
