

Year 2 - Stay at Home

Lesson: To compare and order numbers from 0 to 100

ACTIVITY 1: 60 second ball skill challenges

Children have to complete the following ball skill challenges. Keeping a note of their score.

- Bouncing the ball with right hand (basketball dribbling)
- Bouncing the ball with left hand
- Passing the ball with hands
- Passing the ball with feet

When children have completed all the challenges they have to order their scores from smallest to highest.

ACTIVITY 2: number hunt

Print out or create a random selection of numbers similar to the attached document.

Hide these numbers all around the house/garden.

Children have to find all the numbers and then order them from smallest to largest.
