

## Year 1 - Stay at Home

**Lesson Objective:** To recognise half of an amount

### **ACTIVITY 1:** Bean bag collection

- Collect one bean bag (or object) at a time
- Throw it into the hoop
- Split the total amount into two equal groups
- Verbally check understanding ("Half of 4 is 2")

### **ACTIVITY 2:**

- Repeat Activity 1 with an extended time
- Split the bean bags into two equal piles
- Use a whiteboard/paper to show the sum written down  
(e.g. Half of 10 is 5)

### **ACTIVITY 3:**

- Travel over larger distance and extended time
- Add obstacles to move over/around
- Count the total amount
- Split the bean bags into two equal groups ( $\div 2$ )
- Use a whiteboard/paper to create a number sentence  
(e.g.  $18 \div 2$ )
